TRAINING COURSE TITLE	OCTOBER					NOVEMBER					DECEMBER					JANUARY					FEBRUARY					MARCH					APRIL					MAY					JUNE				
	7	14	21	28		4	11	18	25		2	9	16	23	30	6	13	20	27		3	10	17	24		2	9	16	23	30	6	13	20	27		4	11	18	25		1	8	15	22	29
<b>X-RAY CERTIFICATE SERIES</b>	Principles of Servicing Diagnostic X-Ray Systems (Phase I)																																												
	Advanced Radiographic System Maintenance (Phase II)																																												
	Advanced Fluoroscopic System Maintenance (Phase III)																																												
	Advanced Diagnostic Imaging System Analysis (Phase IV)																																												
<b>NETWORKING &amp; DIGITAL INFO</b>	PACS Engineer/Administrator Certification (Phase I)																																												
	PACS Engineer/Administrator Certification (Phase II)																																												
	PACS Troubleshooting (3 days)																																												
	Intro to Imaging, Radiation Safety and FDA Compliance																																												
	Basics of Networking for Service Engineers																																												
<b>MANAGEMENT</b>	C.A.M. (Capital Asset Management)																																												
	2.5 Day: Intro to Diagnostic Imaging & PACS For Managers & Sales Professionals																																												
<b>PRODUCT SPECIFIC</b>	GE Definium Family: Definium 6000/8000, Discovery XR650/XR656, Optima XR640																																												
	GE Precision 500D R/F																																												
	Shimadzu Sonalvision G4 Basic and Advanced																																												
	GE Proteus (JEDI Generator)																																												
	Philips Easy Diagnost Eleva																																												
	Philips Digital & Bucky Diagnost																																												
	Siemens Yaio																																												
	Siemens AXIOM Luminos TF																																												
	Shimadzu RADspeed/RADspeed Pro																																												
	Shimadzu RADspeed Pro Edge																																												
	Shimadzu RADspeed Fit (w/ Varex DR)																																												
	Private Practice X-Ray Systems (CPI CMP200)																																												
DR Panels: Canon, Fuji, Konica																																													
<b>PORTABLES</b>	GE AMX Portable (IV, IV+)																																												
	GE Optima XR220 AMX Digital & Optima XR200/XR285 AMX Portables																																												
	Shimadzu MobileDaRT Evolution Portables																																												
	Shimadzu Portables - MX8																																												
<b>C-ARM</b>	Fuji FDR Go & Go Plus																																												
	Multi-Product C-Arm OEC 9800/9900																																												
	OEC 9900 C-Arm																																												
	OEC Elite (CFD) Flat Panel C-Arm																																												
<b>CARDIAC</b>	Philips Veradisc C-Arm																																												
	Philips BV Pulsera C-Arm																																												
	GE Innova/IGS Family (2100/3100/4100, 520/530/540)																																												
	Shimadzu Trinias (Basic)																																												
<b>WOMEN'S HEALTH</b>	Shimadzu Trinias (Advanced)																																												
	Philips Allura FD Family (FD10/FD20)																																												
	Lorad Multicare Platinum/Breast Biopsy System																																												
	GE Digital Mammography (1-week ESSENTIAL only)																																												
	Hologic Selenia Digital Mammography																																												
	Hologic Dimensions 3D Tomo Digital Mammography																																												
	Hologic MG Products: Affirm, SecurView, R2, ATEC Sapphire																																												
<b>ULTRASOUND</b>	Siemens Inspiration Tomo Digital Mammography																																												
	Siemens Novation Digital Mammography																																												
	Multi-Vendor Bone Densitometry																																												
	Principles of Servicing US Systems (2.5 days)																																												
<b>CT</b>	Philips Epiq 5 & Epiq 7 (2.5 days)																																												
	Philips iU22 & Philips iE33																																												
	GE Logiq E9, Vivid E9 (2.5 days)																																												
	Siemens S2000 (2.5 days)																																												
	Principles of Servicing Computed Tomography Systems (Phase I)																																												
<b>MRI</b>	Advanced Computed Tomography System Maintenance (Phase II)																																												
	GE Brightspeed & LightSpeed CT																																												
	GE VCT																																												
	Philips Brilliance Family																																												
<b>NUCLEAR MEDICINE</b>	MRI Phase I (Introduction to Servicing MRI)																																												
	MRI Phase II (Advanced MRI Principles)																																												
	Siemens Tims MRI Family (Symphony Tims, Espree, Avanta, & Verio)																																												
<b>CRES CERTIFICATION</b>	GE Excite & GEMS MRI Family (X)																																												
	Principles of Servicing Nuclear Medicine Systems																																												
Siemens eCam Family																																													
CRES Certification Prep																																													
<b>EXHIBITS &amp; PRESENTATIONS</b>																																													
MDExpo NESCE Oct 17-19, Oct 22-23																																													
RSNA FBS Dec 1-6, Dec 5-8																																													
ICE Feb 9-11																																													
MD Expo April 20-22																																													
AAAMI Jun 12-15																																													

NOTE: Hologic Dimensions & GE Precision 500D are 5 full days. Bucky Diagnost is 4 full days. No Return flights after 6 pm.

\*April 14th classes start on Tuesday
