X-RAY CERTIFICATE SERIES	Principles of Servicing Diagnostic X-Ray Systems (Phase 1)																																																												
	Principles of Servicing Diagnostic X-Ray Systems (Phase 1) - eLearning																																																												
	Advanced Radiographic Systems Maintenance (Phase 2)																																																												
	Advanced Digital Imaging Systems Maintenance (Phase 3)																																																												
	Advanced Diagnostic Imaging Systems Analysis (Phase 4)																																																												
NETWORKING & DIGITAL INFO	PACS Engineer/Administrator Certification (Phase 1) - eLearning																																																												
	PACS Engineer/Administrator Certification (Phase 2) - eLearning																																																												
	PACS Troubleshooting (3 days) - eLearning																																																												
MANAGEMENT	C.A.M. (Capital Asset Management)																																																												
	Intro to Diagnostic Imaging & PACS For Managers & Sales Professionals																																																												
PRODUCT SPECIFIC	GE Optima/Discovery/Definition DR Family: Optima XR640/XR646, Discovery XR650/XR656, Definition 6000/8000																																																												
	GE Precision 500D R/F																																																												
	GE Precision 600FP																																																												
	GE Proteus																																																												
	Philips Easy Diagnost Eleva																																																												
	Philips Digital & Bucky Diagnost																																																												
	Siemens Ysio																																																												
	Siemens AXIOM Luminos TF																																																												
	Siemens Luminos Agile																																																												
	Shimadzu RADspeed/RADspeed Pro																																																												
	Private Practice X-Ray Systems (CPI CMP200 & Quantum Odyssey HF)																																																												
	Injector Systems																																																												
	GE AMX Portable (IV, IV+)																																																												
PORTABLES	GE Optima XR200/XR220/XR240, & Brivo XR285 Digital Portables																																																												
	Shimadzu MobileDaRi Evolution Portables (Evolution EFX, MX7)																																																												
	Canon RadPro Digital																																																												
	Philips MobileDiagnost Digital																																																												
	Fuji FDR Gc & Go Plus																																																												
C-ARMS	Multi-Product C-Arm OEC 9800/9900																																																												
	OEC 9900 C-Arm																																																												
	OEC Elite (CFD) Flat Panel C-Arm																																																												
	Philips Veradius C-Arm																																																												
	Philips BV Pulsara C-Arm																																																												
CARDIAC	GE Innova/ISS/Optima Family (21/31/41/100, 3XX/5XX/6XX)																																																												
	Philips Allura FD Family (FD10/FD20)																																																												
	Lorad Multicare Platinum Breast Biopsy System																																																												
	GE Digital Mammography (1-week ESSENTIAL only)																																																												
	Hologic Selenia Digital Mammography																																																												
	Hologic Dimensions 3D Tomo Digital Mammography																																																												
	Hologic MG Products: Affirm, SecurView, R2, ATEC Sapphire																																																												
	Siemens Inspiration or Novation																																																												
	Multi-Vendor Bone Densitometry																																																												
WOMEN'S HEALTH	Principles of Servicing US Systems (2.5 days)																																																												
	Philips Epiq 5 & Epiq 7 (2.5 days)																																																												
	Philips iL22/iE33 (2.5 days)																																																												
	GE Logiq E9, Vivid E9 (2.5 days)																																																												
ULTRASOUND	Principles of Servicing Multivendor CT Systems																																																												
	GE Optima, Brivo, VCT, LS, BS CT Family																																																												
	GE Revolution & Discovery CT																																																												
	Philips Brilliance Family																																																												
	Siemens Sensation Family																																																												
	Siemens Definition Family																																																												
CT	Servicing Multivendor MRI Systems																																																												
	Siemens MRI Family (Aera, Skyra, Espree, Avanto)																																																												
	GE Excite & GEMS MRI Family (X)																																																												
MRI	Principles of Servicing Nuclear Medicine Systems																																																												
	Siemens Symbia Family																																																												
NUCLEAR MEDICINE	CRES Certification Prep																																																												
CRES CERTIFICATION	CRES Certification Prep																																																												
EXHIBITS, PRESENTATIONS & NOTES	CEM/ Sep 14-16 Chicago, IL NCCA/ Sep 14-16 Duluth, MN MG Expo/ Oct 28-31 Orlando, FL
